Myta Sayo Gallery champions artists focusing on abstract painting and sculpture. Founded by Maita Sayo in 2021, the gallery is dedicated to being an approachable place to start collecting high-caliber art. Located on a major street in the west end of Toronto, the storefront gallery is a five minute drive from the Museum of Contemporary Art and a ten minute drive from the Art Gallery of Ontario.

About the director:

Maita Sayo is an art dealer with extensive experience placing works with collectors in North America. She has facilitated the production of large-format works for corporate and hospitality spaces in Toronto and New York. She founded reference: contemporary, an online art gallery, and exhibited in nine international art fairs in New York and three in Miami from 2015-2021. She opened Myta Sayo Gallery in 2021 and hosts regular exhibitions of works by Canadian and American artists. Through her work she has cultivated strong partnerships with art consultants, architects, and designers. Maita has a master's degree in politics and pursues projects that dovetail research and fine art.

For more information, get in touch with the gallery:
